TESTIMONIALS

"Cherie Trego helped us find the perfect home that fit our lifestyle. She is not pushy like some realtors who try to convince you on purchasing a home that is just not right. Instead, she found us homes that fit our price range and style. She took the time to get to know what our needs were and matched homes for us. Cherie takes a very professional but relaxed and stress free approach to real estate that we highly recommend."

"Saying I am a picky buyer might be an understatement. I was looking for the right home, the right price, and the right location (less than 3 miles from where I was currently living). Cherie was not only understanding and willing to wait but she was also there for me to answer all of my questions when I needed them answered. When I finally found the right house for me and my family she was right on the ball. Not only was she great with all my random questions but, when we signed the sales agreement in October and finally bought the house in March, Cherie was there for us all the way. I will not hesitate to call her for all of my home buying and selling needs. Thank you for everything."
